

## **Product Overview:**

The LA-438 Advanced Neck Loop from Listen Technologies provides a reliable and effective way for listeners with telecoil-equipped hearing aids and cochlear implants to utilize your assistive listening system. Each neck loop slips comfortably over the wearer's neck and transmits the audio signal wirelessly to their t-coil device, leaving their hands free for added convenience.

## **Highlights:**

- Industry leading magnetic field strength range
- Safety breakaway connection
- Compatibility switch work with a wide range of devices
- Compatible with any telecoil-equipped hearing aid or cochlear implant
- Works with any of Listen Technologies' receivers for an integrated listening solution
- Lightweight for comfort and convenience

## **Includes:**

One (1) LA-438 Advanced Neck Loop (Adult)

Product Specification: Advanced Neck Loop (Adult)  Audio		
3 - 6 ohms @ 1 kHz		
380 mVrms @ 1 kHz produces 400 mA/m		
1 W		
Physical
